LA DOLCE VITA

The title of Fellini's famous film devoted to the celebration of the Italian lifestyle in Rome in the '50s, La Dolce Vita translates to 'The sweet Life'. Today we associate the phrase with an aspirational lifestyle that may be closer than you think. Head for Kilcullen, Co Kildare for some Italian inspiration and sophisticated style at La Touche Furnishings.

The Italian collection from La Touche oozes style with its rich colour palate, luxurious textures and real Italian pazazz. Patrick Crawford describes his vision for his company. "La Touche Furnishings specialise in custom made suites & bespoke furniture solutions. Our mission is to become a leader in the furniture industry, providing clients with all encompassing solutions related to their design needs".

"We can work closely with architects and designers to help take their vision from concept to completion. We can take a small swatch of cloth or a specific colour and use our vast range of fabric options to find the perfect match.

There is a trend now towards turn-key packages for developers who are renting homes and apartments rather than selling at this troubled time. We have also seen strong interest in complete design packages and we are perfectly placed to deliver this with ease. Essentially La Touche Furnishings is about helping clients accomplish their design vision".
